

EXPRESSION OF INTEREST 2027 A-CLASS WORLD CHAMPIONSHIP

Dear Lamberto,

We are pleased to confirm our interest in organizing the 2027 A-Class World Championship.

We believe that the best period for the event could be between **late September and October 2027**.

The hosting venue is currently being evaluated between **Cagliari** and **Villasimius**, both located in Southern Sardinia.

Over the years, both destinations have successfully hosted numerous international sailing events across different classes, thanks to their excellent sailing conditions, high-quality infrastructure, and well-established organizational experience.

We are confident that both venues would be able to deliver a high-level technical and organizational event, while also providing an attractive destination for international teams and participants.

We remain available to discuss all organizational aspects in greater detail and to share further information regarding the bid in the coming months.

Kind regards,

Sardinia Sailing Cup

CAGLIARI

Cagliari, the capital of Sardinia, offers a unique combination of excellent wind conditions, a natural harbor, and modern facilities. The city has hosted multiple international sailing events, including World and European Championships.

VILLASIMIUS

Villasimius is renowned for its stunning coastline, crystal-clear waters and consistent winds. It has a proven track record in hosting major international regattas across various sailing classes in an outstanding natural setting.
